

In many parts of the world, health care is a luxury beyond the reach of most individuals, especially children and young adults.

Our teams of doctors, nurses and therapists provide needed care to the underserved in several communities of Ecuador, sending two groups each year.

Our mission was initiated by the charitable organizations, **CHANGE** (Worcester) and **FUNDASE** (Ecuador) in 1991, and based out of the **University of Massachusetts Medical School**. In Ecuador, we are supported by the **Rotary Club of Latacunga**, as well as other groups.

We focus our attention on the care of congenital deformities of the head, neck and extremities, as well as the sequelae of burns.

During our one-week trips, we evaluate over 100 patients, providing surgical care to over 60 patients, as well as speech and hand therapy.

Our mission is wholly supported by the participating team members, and by donations from a few corporate sponsors along with many friends and family members.

*Thank you for your support.*

If you would like to sponsor our efforts, you can make a donation to:

**Project Change Bermuda**

**Project Change Bermuda** is a registered Charity (#740) whose mission is to provide high quality plastic surgery to indigent patients in third world countries.

Project Change Bermuda has been in existence since 2004 and is an extension of Project Change of the University of Massachusetts. We have provided plastic surgery care to well over 350 children and adults since 2004

#### **Previous Missions:**

2004 Hospital Provincial de Latacunga Ecuador **Major Surgeries - 56**

2005 Hospital Municipal de Salcedo, Salcedo, Ecuador **Major Surgeries - 80**

2006 Hospital Municipal de Salcedo, Salcedo, Ecuador **Major Surgeries - 79**

2007 Rehabilitation Hospital Dar-es-Salaam, Tanzania (pending)

We accept monetary donations, blankets, diapers, pain medicine, infant formula, and volunteer time. Our budget for our 2007 Tanzania Mission is \$50,000.00 which will finance the costs of travel, medical supplies, and shipping, and lodging for our medical team.
